EMPOWER PEOPLE TO SNACK RIGHT

OUR PURPOSE
Sourcing 100% of the cocoa volume needed for our chocolate brands sustainably by 2025

Make 100% of our packaging recyclable and labeled with consumer recycling information by 2025

Reduce end to end absolute CO2 emissions by 10% by 2025 vs. 2018 baseline

100% adoption of child labor due diligence across Cocoa Life communities in West Africa

Our annual Snacking Made Right report shares the story of how we help people to snack right, the progress we’re making, and the impact we’re having along the way.
ENVIROMENTAL IMPACT

100% SUSTAINABLE ENERGY IN OUR PARA NAQUE PLANT

Geothermal

Solar

Renewable Fuel Source
Our annual Snacking Made Right report shares the story of how we help people to snack right, the progress we’re making, and the impact we’re having along the way.

**Sustainable Ingredients**: 100%
- Sourcing 100% of the cocoa volume needed for our chocolate brands sustainably by 2025

**Environmental Impact**: ↓10%
- Reduce end to end absolute CO2 emissions by 10% by 2025 vs. 2018 baseline

**Social Sustainability**: 100%
- 100% adoption of child labor due diligence across Cocoa Life communities in West Africa

**Packaging Innovation**: 100%
- Make 100% of our packaging recyclable and labeled with consumer recycling information by 2025
Around a 5th of our packaging globally is plastic. But only 2% of that packaging is recycled in practice and at scale.

In 2018, we committed to make 100% of our packaging designed to be recycled by 2025, and globally we’re already at around 94%

Reduce our global use of virgin plastic for rigid packaging by 25% or reduce virgin plastic use in overall plastic packaging by 5% in 2025

5% recycled content by weight across plastic packaging globally 2025
PACKAGING INNOVATION: AMBISYON 2030 ZERO WASTE TO NATURE

In Partnership with the Philippine Alliance for Recycling and Materials Sustainability and Member Companies

Witnessed by the DENR and Senator Cynthia Villar

Pledges to Reduce, Reuse, Recover and Recycle
OUR LOCAL ACTIONS: JOY SCHOOLS PLASTIC PLAY AREAS

Environmental Education Meets Active Play for Information Dissemination within Community

- Started in 2019
- 4 Play areas installed in public elementary schools
- 990 kilos of plastic packaging waste utilized
- Engaged 4 schools in collecting waste and instilling value of recycling
PLASTIC FLAMINGO COMMUNITY RECYCLING INITIATIVE

Objective: Collection of plastic waste for processing and recycling by local community to make disaster shelters.

October to November 2020.

Target: Pilot of 1 MT of post-consumer plastic

EXPANDED IN 2021 TO 40 MT
PLASTIC CREDIT EXCHANGE PARTNERSHIP

Objective: Collection of plastic waste for processing and recycling through co-processing.

Most cost-efficient PRO in the Philippines, working with several FMCGs including Nestle, Pepsi and Unilever.

January 2021 to March 2021

Target: Pilot of 130 MT of post-consumer plastic; for potential expansion within 2021.
SUPPORTING THE CIRCULAR ECONOMY OF PLASTICS

SACHET RECYCLING WITH PLASTICS
BY MANILA AUTOMAT

Objective: Collection of plastic sachet waste for processing and recycling by local community to support the circular economy of plastics

April 2021
OUR LOCAL ACTIONS: STARTING FROM WITHIN
Engaging our own People to Take Actions

- Started in 2019
- Removed unnecessary plastic (cups, plates, straws utensils, take-out containers from canteen)
- Distributed re-usable cups, straws and utensils
- October 2020 and March 2021 Recycling Drives
Incubate, finance and build partnerships in the impact investment space through co-funded climate projects and a new social venture fund, alongside a modified corporate foundation focused on humanitarian aid.
