*Diwa C Guinigundo  
11 November 2022*

**Figure 1. Gross Domestic Product (At Constant 2018 Prices)**  
Year-on-Year Growth Rates (in percent)  
Q1 2018-2019 to Q3 2021-2022

Coming from a  
punctuated equilibrium?

# WHY

- Need to fill health system gap
- Need to mitigate economic scars

## The case for investment-led growth

- Create environment conducive to investment
- Promote good institutions
- Establish appropriate infrastructure

## Pursuing investment-led growth

- Go digital
- Go green finance

Pursuing investment-led growth

- Go impact investing
- Pursue appropriate legislative measures

Networking Committee on  
LEGISLATIVE ADVOCACY AND MONITORING

## Pursuing investment-led growth

Governance and equality issues  
important, too!
